Need
space?

The NEEDSPACE? difference

Our purpose is to provide the best quality space for our customers at an affordable price.

We own and manage our buildings so that we can achieve this. Our on-site manager is able to respond quickly to any problems but more importantly is here to make your life easier. Whether it be taking your deliveries or booking a meeting room, we are here to help.

Needspace? can offer your business a range of offices, workshops, studios or small industrial units across our portfolio. Our flexible and easy to understand licence agreement allows you to be with us from 3 months to an eternity. Not only is our licence flexible but so are our workspaces.

Whilst we can provide office furniture our preference is not to. Why? - Because we know that each and every business we serve is different. You can furnish your space to suit your own particular needs, not only that, you can also decorate the unit as you like. All we ask is that you return the space as you found it when you leave - How great is that!

We understand that the biggest concern for every small business is cost so our aim is to provide cost certainty. We guarantee that we will not increase your licence fee in the first 12 months of your stay. Thereafter we will review your licence fee on an annual basis but, here's the thing, we promise that licence fees will only increase at or around inflation so as to avoid any nasty surprises.

Backed by the security of the Wates Group

Wates is one of the most financially secure companies in the construction sector, and with their backing we continue to expand our portfolio of quality business centres throughout Greater London and the South East.
